

## ABOUT US

Our ethos is to provide a wellness centre, focusing on providing the best aesthetic and wellbeing treatments for you.

Each consultation focuses on your individual needs - specifically addressing your concerns and designing a treatment plan to deliver the best outcomes for each patient.

Our holistic approach far exceeds industry standards in safety, consistency of outcomes, as well as giving you access to our multi-disciplinary team of super specialist clinicians, should you want an onward referral for surgical treatments.

Situated within our premier clinic in the heart of London - the world-renowned 152 Harley Street.

## SKIN CONSULTATION

An in-depth consultation will be carried out by your practitioner. They will discuss with you your current skin care regime, lifestyle habits, previous treatments as well as your skin care concerns and goals. After analysing your skin and concluding all the information provided, a bespoke treatment plan and product regime will be suggested to help ascertain your skin care goals.
