HEALTH

152 HARLEY STREET

**We understand that irrespective of your skin type most clients have a combination of skin concerns related to blemishes, pigmentation, scarring, lines, wrinkles, or just general tightening.**

Our ethos is to provide a wellness centre, focusing on providing the best aesthetic and wellbeing treatments for you.

Each consultation focuses on your individual needs - specifically addressing your concerns and designing a treatment plan to deliver the best outcomes for each client.

Our holistic approach exceeds industry standards in safety, consistency of outcomes, as well as giving you access to our multi-disciplinary team of super specialist clinicians, should you want an onward referral for surgical treatments.

Our premier clinic is situated in the heart of London, on the world-renowned 152 Harley Street.

Your NEO Health journey starts today, visit our state-of-the art clinic for all your skin concerns.

Our Practitioners will then create your bespoke Skin-vestment Plan - a wellness plan for better, healthier, happier skin.

Helping you to get the NEO glow inside and out.

To start your Skin-vestment plan call us to make your initial appointment and we will give you an introductory skin assessment with one of our expert practitioners.

## Whatever your concern we can help

- Anti-ageing, fine lines, and wrinkles
- Blemishes, age spots, pigmentation, melasma, rosacea
- Sun damage & Sun protection
- Acne and acne scarring
- Dry skin

## Top Treatments and Packages

We offer many solutions to help a variety of concerns and we have an extensive range of in-house skin rejuvenation treatments that can revitalise your skin and restore your healthy, youthful glow.

### Total skin rejuvenation – fine lines, age spots, acne scarring, skin tightening and texture improvement.

**Cynoglow™** is a two in one treatment, a combination of Potenza™ (radiofrequency microneedling) used to treat textural issues like acne scars, fine lines and wrinkles followed by the PicoSure® (a resurfacing laser) used to treat pigmentation and open pores. The results are amazing, leaving your skin looking younger, tighter, and brighter - giving you the Cynoglow!

Cynoglow is a customisable, sequential treatment plan that targets the superficial and deeper layers of the skin.

### Microneedling Classic (Dermapen®)

Full face and neck

### Microneedling Classic (Dermapen)

Full face and neck (6 weeks apart)

### Microneedling Signature

(Mesotherapy + Dermapen)

# Volume Loss Therapy Fillers, Skin Boosters and Anti-wrinkle Solutions

## Dermal fillers prices start from £350

A combination of genetics, ageing and external factors can cause the face to lose volume and shape in some areas. To improve and refine these to a more youthful appearance, dermal filler injections can be really effective. They have the ability to uplift, volumise, revitalise and rejuvenate your appearance. They can also be used to treat hollowing and sagging, whilst adding shape and definition where required. Dermal filler is also a highly effective treatment to target the other visible signs of ageing such as fine lines and wrinkles.

## Profhilo® (“The Injectable Moisturiser”) prices start from £450

Profhilo is a suitable treatment for those who are looking for a treatment that will provide them with revitalisation, radiance and hydration, and a smoother skin surface.

As the formulation synthesises collagen and boosts elasticity, Profhilo can also reduce wrinkles, tighten the skin and give a subtle lifting enhancement. Profhilo is suitable for all skin tones and skin types.

Profhilo can require regular top-up boosters as it dissolves quickly and safely, a regular treatment plan to maintain the results is ideal. Dependent on lifestyle, you ideally need 3 treatments for best results, this could last up to 2 years with good skincare routine and healthy lifestyle.

## Anti-wrinkle injections

This is the most popular non-surgical anti-wrinkle treatment in the world. These injections significantly and visibly reverse the signs of ageing resulting in the softening of static and dynamic wrinkles for smoother, firmer, and an overall more youthful-looking skin.

## Bespoke plans and courses are available to suite your individual needs.

# MOISTURISING SOLUTIONS

## POST TREATMENT SOOTHING BALMS

### 1. Obagi - Daily Hydro-Drops® Facial Serum - Size: 30 ml £75.60

Daily Hydro-Drops Facial Serum is a hydrating serum that revives a dull complexion for a more youthful glow. As skin ages, there is a loss in its natural barrier that contributes to dull, lackluster skin and the progressive signs of skin ageing.

### 2. Mesoestetic - HA Densimatrix - Size: 30ml £84.67

Concentrated treatment with hyaluronic acid that provides the skin with a moisturising, antiageing, repulping and filling action. Combine hyaluronic acid in several molecular forms to provide, stimulate and protect its presence in key skin layers. Protects hyaluronic acid from degradation and blocks free radicals to prevent skin ageing. It promotes collagen and elastin synthesis to provide firmness and elasticity to tissues and correct wrinkles. Indicated for all types of skin.

### 3. Mesoestetic - Skin Balance - Size: 30ml £84.67

Intensive concentrate with calming effect for sensitive and sensitised skin. It boosts the skin defence systems, microbiota and barrier function.

### 4. IS Clinical
